

Berkshire Free Library Summer Reading 2025

July 9 - August 27 Wednesday

July 15 & July 22

What a great summer we had at the Berkshire Free Library.

A big thanks to all the volunteers that helped and supported the Library. We couldn't have done it without them. We had teenagers that helped set up and take down the programs, volunteers that helped with the Kid's Farmers Market, and Moms that delivered to families without transportation. It was a real community effort.

45 children registered. (Richford & Berkshire)

Number of visits - 350 visits

(That means that the average children attended 8 of the 10 programs)

We served 500 lunches and gave out 400 bags of produce for families. Some of these families were not able to get to the library so the produce was delivered to them.

We served lunches Monday - Friday from July 9 - August 13

County Agencies that participated in the program

Food Bank of the Southern Tier

Tioga Parents and Children Together (PACT),

Tioga County Public Health,

Cornell Cooperative Extension,

Tioga County Families and Children,
