We want to thank everyone that voted "yes" on the school tax vote. This money will allow your library to be able to update our book collection, buy specific books requested by our patrons, and extend our hours so that the library is available for working families, and support our current and new programs. Please let us know if there is a program that you would like to see at our library. We are your library!

Books have increased in prices but at the library they are still the same price to you, **free.** Come pick up the newest releases, large print books, and learn how to listen or read your books on your tablet or your phone. Happy Reading - Berkshire Free Library
